## FINISHING MOVING SWIFTLY

Finishing will be completed in 4-5 months

*MiCasa Newsdesk* - With the Finishing stage under way, following is a breakdown of the important developments that have taken place on the project during the past one month:-

1. **False Ceiling.** False ceiling of the entire house has been completed. Exquisite, modern and

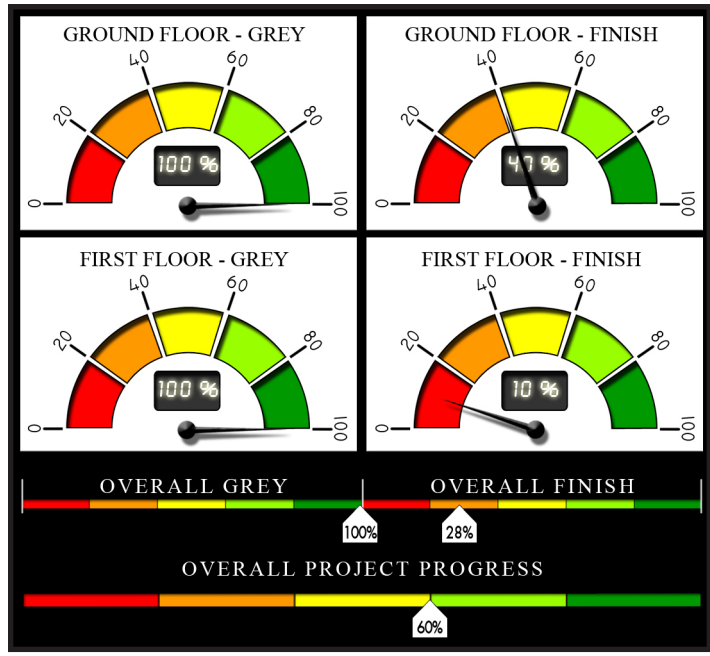

Woodwork under way

unique but very practical ceiling designs have been used in the house inside and in the porch. Both functional and decorative lighting fixtures have been carefully planned to ensure adequate light at all times.

2. **Woodwork.** Proper semi-solid wooden doors with solid yellow pine

False ceiling - Lounge

wood frames are being made on-site. Wardrobes and kitchen cabinets are also been designed and manufactured on-site to ensure high quality finish of the end product.

3. **Present Status.** The project is in finishing stage, where presently floor tiles, aluminium windows and pre-paint work has been started. Purchase of floor and bathroom tiles is underway. After careful and detailed market survey, tiles and wooden floorings are being purchased at competitive rates. At the same time, MiCasa is

ensuring quality control measures so that purchases made are of high quality. Lighting, kitchen and bathroom fixtures are also being surveyed presently to use the latest trends in our project.

### MiCasa Services

MiCasa is pleased to announce that it has been awarded finishing of a 1 Kanal Spanish style house in R Block, Phase VII, DHA Lahore. The project will be completed by the end of January and pictures of the project will be shared on MiCasa's facebook page and Whatsapp group to update our clients, page followers and well wishers.
